Dear Harold,

With the weather being as bad as it has been these past few weeks I doubt that I'll be down for awhile to deliver your thermos in person so I figured I'd better drop it in the mail.

The other little thing you'll find in the box is the result of one of my New Year's resolutions. As part of my continuing project to "get my act together" & straighten out my priorities, plans etc, I decided that one of the things I needed to do was to let people know how I feel about them - especially people I care about - instead of holding my feelings inside. So, one of my resolutions was to do just that. Anyway, when I saw it in the store it pretty much expressed how I feel about you & all the work you've done, so I wanted you to have it as a symbol of my respect & admiration for you.
